

## SDS Hammers and Breakers

# The fastest 2 kilo on the market

## Fastest on the market.

There is no better way to describe the drilling rate of the GBH 2-26. In the under 3kg class it leaves the competition behind whatever the drill bit diameter. Maximum transfer of energy from striker to drill bit, improved guidance of striker, striking pin and drill bit and thus impact transmission with less energy loss.

**Result:** better drilling progress and less wear = longer service life.

Performance index for drilling rate in concrete (B 25,14 mm).

Bosch GBH 2-26 DRE	100%
Competitor 1	84%
Competitor 2	81%
Competitor 3	66%

By far the best in its class. Tested by SLG Pruf-und Zertifizierungs GmbH, January 2004.

### Striking pin

Improved guidance and convex tip

### Striker

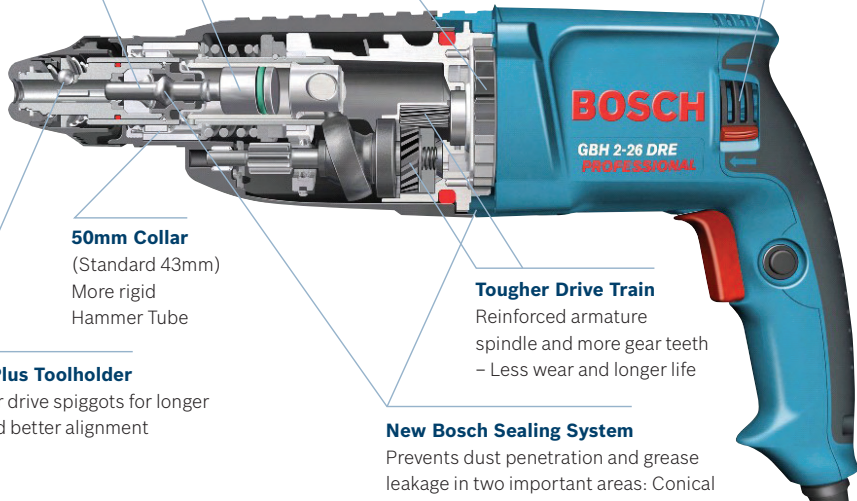

Optimised geometry reduces friction and improves alignment

### Improved Cooling

More power efficient fan improves cooling and gives greater power transfer for drilling and chiselling

### Rotating Brush Plate

Offers maximum power in forward and reverse with longer brush life

### 50mm Collar

(Standard 43mm)  
More rigid Hammer Tube

### Tougher Drive Train

Reinforced armature spindle and more gear teeth – Less wear and longer life

### SDS-Plus Toolholder

Longer drive spigots for longer life and better alignment

### New Bosch Sealing System

Prevents dust penetration and grease leakage in two important areas: Conical Seal at the striker pin. Movement and temperature tolerant housing gasket

SDS Hammers and Breakers

# 2 kilo SDS-Plus Rotary Hammers

Specification	GBH 2-18 RE	GBH 2-23 RE	GBH 2-23 REA	GBH 2-26 DRE	GBH 2-26 DFR
Power Input	550W	650W	650W	800W	800W
No Load Speed	0-1550rpm	0-1000rpm	0-1000rpm	0-900rpm	0-900rpm
Impact Rate/Force	0-4500/1.7J	0-4400/2.5J	0-4400/2.5J	0-4400/3J	0-4400/3J
Weight	2.0kg	2.5kg	2.5kg/3.5kg with dust box	2.7kg	2.9kg
Drilling Capacity	4-18mm	4-23mm	4-23mm	4-26mm	4-26mm
Concrete	-	68mm cores	68mm cores	68mm cores	68mm cores
Chiselling	-	-	-	3	3
Comes with:	-	-	Dust extraction unit	-	SDS-plus quick change chuck

**GBH 2-18 RE Professional**

**GBH 2-23 RE Professional**

The most compact dust extraction hammer available; health & safety innovation from Bosch.

**New! GBH 2-23 REA Professional**

Dust Extraction System	
Capacity: e.g. 6 x 30mm holes	100 holes
Suction Power	450 litres/min
Bit Capacity Range	4 to 16mm
Max Drilling Depth	100mm
Power Source	Motor of machine
Connection to a vacuum cleaner	Yes

**GBH 2-26 DRE Professional**

**GBH 2-26 DFR Professional**
