

Carlton Trunking - profile SK82 at skirting level

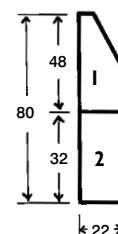

## FEATURES

Traditional Skirting appearance with dimensions of 80x22mm

Two Compartment segregation

- Corner fittings are held with recessed screws to prevent accidental displacement.
- One and two gang boxes will accept a wide range of wiring accessories.
- Socket box shrouds allows access to both compartments without the need to remove the box itself.
- Socket mounting boxes angled towards user.
- Top fitting lid for ease of fixing.
